**GET READY FOR THE HOLIDAYS WITH A RIBBON LIFT BY
SUFFOLK PLASTIC SURGEONS, PC**

East Setauket, NY – To look your best this holiday season, turn to Suffolk Plastic Surgeons, PC, whose cutting-edge “Ribbon Lift” dramatically sculpts the neck and eliminates jowls in a minimally-invasive surgical procedure.

The first to perform the Ribbon Lift on Long Island, Dr. Hilton Adler said, “the procedure targets and tightens specific areas of the skin and offers several advantages over other facial rejuvenating procedures, including the more traditional thread lift.”

Ribbons are deployed through mini-incisions placed either in the hairline or behind the ear, and rejuvenate the skin by repositioning tissues and gently eliminating skin folds.

“The Endotine Ribbons dissolve after the healing process is complete, while the barbed threads used in a thread lift are permanent and can often be felt,” Dr. Adler said. “The Ribbon Lift can also be integrated with other aspects of facial plastic surgery.”

For more information about the Ribbon Lift, contact Suffolk Plastic Surgeons, PC at (631) 751-4400 and at www.suffolkplasticsurgeon.com.

Suffolk Plastic Surgeons, P.C. was founded by Dr. Hilton C. Adler and Dr. Stephen F. Coccaro in 1996. Since then, the practice has grown to include Dr. Kenneth C. Kneessy and is now the region’s largest, all Board-certified group practice. Suffolk Plastic Surgeons specializes in cosmetic surgery for women and men. Their doctors also hold periodic seminars on topics of interest, such as Botox and body contouring. The physicians at Suffolk Plastic Surgeons provide the latest in cosmetic surgery to many patients throughout the United States and their staff provides the highest standard of expertise and quality care. Recently, Suffolk Plastic Surgeons has relocated to their new office, which includes an ambulatory surgery facility and an on-site medical spa.
